To NBOC

This email is the first in a series that will describe the newbridgeresidents.org website.

- The website is not related to the NewBridge residents Google Group or the NewBridge Forum Google Group.
- Logged-in users get access to more content than is available without logging in: Resident Directory, Resident's Pictures, and Forms for communicating with NewBridge departments such as engineering and security.
- If you don't have a website account or you have forgotten your username and password, call Jerry Naditch (4-2271) or send an email to nbo.website@yahoo.com.
- Front and center on the home page is a link to the weekly "Next Week at NewBridge" newsletter, which includes the Foodie where you can view menus, make dinner reservations or place online dinner orders for takeout.
- "Next Week at NewBridge" also provides the weekly program calendar as well as descriptions of upcoming events.
